Kiddies World
PRE SCHOOL

A joyful start to a lifetime of learning

Kiddies World Pre School is a caring space where young children are known by name, encouraged to ask questions, and given room to be themselves.

- Early childhood is the foundation years — what children experience now shapes how they learn later.
- Play, creativity, exploration and social interaction are how young children understand their world.
- We work hand-in-hand with parents, sharing the journey and keeping communication open.

WHY KIDDIES WORLD

What we focus on, every single day

An honest description of how we work — no big promises, just a caring, consistent approach.

A welcoming environment

A warm, friendly space where young learners feel safe, noticed and happy to come back every day.

Learning through play

Learning through play

Play is a young child's most serious work — our activities turn curiosity into confidence and skills.

Social & communication skills

Circle time, group play and storytelling give children daily practice in sharing and expressing themselves.

Age-appropriate activities

Every activity is matched to the child's stage, so learning feels like fun — never pressure.

Communication with parents

We keep the door open for conversations about your child's day, progress and needs.

Preschool + daycare together

Early education and dependable care under one roof — convenient for working families.

A TYPICAL DAY

From morning hellos to happy goodbyes

happy goodbyes

A glimpse into the rhythm of a day at Kiddies World.

MORNING

Arrival & settling in

A warm welcome at the door and time to ease into the day.

MORNING

Circle time & conversation

Songs, stories and sharing — building language and confidence.

MID-MORNING

Learning through play

Blocks, puzzles and hands-on activities that build early skills.

Kiddies World
PRE SCHOOL

WHO WE ARE

Built around how young children actually learn

Kiddies World Pre School offers early education and daycare for young children in a warm, safe and stimulating environment. Our days are structured enough to feel secure, and playful enough to feel like a second home.

The early years matter enormously. Between birth and six, children build the language, motor, social and thinking skills that everything else stands on. That is wh[illegible] take play seriously — it is how young children

10:03 1 device 6.00 KB/S Vo LTE 5G 36

The early years matter enormously. Between birth and six, children build the language, motor, social and thinking skills that everything else stands on. That is why we take play seriously — it is how young children make sense of numbers, words, friendship and feelings.

Every child arrives with their own personality and pace. Our job is to notice it, nurture it, and send each child home tired, happy and a little braver than yesterday.

MISSION & PHILOSOPHY

Our approach, in four ideas

Simple principles that shape everything from circle time to snack time.

Ideas

Simple principles that shape everything from circle time to snack time.

Play-based learning

Children learn best by doing. Games, blocks, sand, stories and songs turn every day into discovery.

Creativity & exploration

Art, music and open-ended play give children room to experiment, imagine and express themselves.

Kiddies World
PRE SCHOOL

Warm, caring guidance

Young children thrive with patient, attentive adults. Our educators guide gently and celebrate effort.

Partnership with parents

You are your child's first teacher. We keep communication open and welcome your questions and feedback.
